	&5. Children to learn that numbers are made up of smaller numbers.	Understand the 1 more than/1 less than relationship between consecutive numbers.	Understand the 1 more than/1 less than relationship between consecutive numbers.	there are in total ('cardinal principle') I can link numerals and amounts: for example, showing the right number of objects to match the numeral, up to 5. Counting activities with amounts up to 5.	Consolidation of composition of numbers 3,4 and 5.	Consolidation of the 1 more than/1 less than relationship between consecutive numbers.	and cuboids) using informal and mathematical language: 'sides', 'corners'; 'straight', 'flat', 'round'. Consolidation of 2d and 3d shape patterns.	rectangles, triangles and cuboids) using informal and mathematical language: 'sides', 'corners'; 'straight', 'flat', 'round'. Consolidation of 2d and 3d shape patterns.
Understanding the World	Explore and talk about forces they can feel. Experiment with different car ramps using large wooden blocks. How can we make the cars go faster? What happens if we make the ramps lower?	Know that there are different countries in the world and talk about the differences they have experienced or seen in photos. Talk to the children about the type of place weather monsters may like to live. Would they live in a dry place or somewhere with lots of trees and grass? Would they live somewhere hot or cold? Explain about different parts of the world which suit these requirements.	Continue to develop positive attitudes about the differences between people. Bathing the babies. Use dolls of a variety of types regarding skin colour, hair colour/type, gender.	Know that there are different countries in the world and talk about the differences they have experienced or seen in photos. Watch a few different episode of Go Jetters throughout the week . Discuss with the children the differences between those countries and the place we live.	Explore and talk about forces they can feel. Provide a tray with magnets and some metal and non- metal objects. Provide some misconceptions for children to try out e.g. all shiny things are metal. Ask children how they know what is metal and what is not.	Continue to develop positive attitudes about the differences between people. Encourage children to explore different occupations. Provide dress up costumes and encourage children to act out their professions.	Continue to develop positive attitudes about the differences between people. In small groups, play the around the world lotto game. Talk about the people in the game and the differences between them.	Continue to develop positive attitudes about the differences between people. In small groups, play the around the world lotto game. Talk about the people in the game and the differences between them.
Expressive Arts and Design	I can respond to what they have heard, expressing their thoughts and feelings. During calm moments of the day, encourage children to close their eyes and think about the music playing. What does it make them think of? Is it relaxing or does it mke you feel energetic? Do you think the dinosaurs would like this? Why?	I can sing the melodic shape of familiar songs. Use the song spoons to provide children with prompts for familiar songs. Help children to sing the tunes successfully.	I can play instruments with increasing control to express myself. During circle time, provide a selection of instruments in the middle of the carpet. Discuss what we could do to express our emotions. Select children to take turns to express their emotions for the other children to guess.	Respond to what they have heard, expressing their thoughts and feelings. During calm moments of the day, encourage children to close their eyes and think about the music playing. What does it make them think of? Is it relaxing or does it make you feel energetic?	Create their own song or improvise a song around ones that they know. Choose children to come to the front at carpet time and perform a song. They can do this in small groups or by themselves.	I can sing the melodic shape of familiar songs. Place the song spoons into the small puppet theatre. Encourage children to sing different songs and put on shows.	I can play instruments with increasing control to express myself. Play instrument games such as grandmothers footsteps. Create simple movements for each instrument and explain that the speed of the instrument will match the speed of the actions. Encourage children to create the sounds themselves.	I can play instruments with increasing control to express myself. Play instrument games such as grandmothers footsteps. Create simple movements for each instrument and explain that the speed of the instrument will match the speed of the actions. Encourage children to create the sounds themselves.
