

Year 1 Spring 2 Homework

Please see below the homework grid for the following half term. These activities support and complement classwork as well as practising and improving life skills such as communication, conversation and observation. Completion of homework is an expectation for all members of our school, so please make sure you are completing it either on Tapestry or in the homework book weekly, in addition to reading at home at least 3 times per week.

Continue to practise your writing. Can you keep a diary of the things you notice changing as we move into Spring. Can you write clear sentences using punctuation and focus on your handwriting? Can you use conjunctions to improve your sentence. For example; and, so, but, because.

Go on a walk around your local area. Take photographs of any signs of Spring that you see. How do you know Spring is here? What has changed?

Make a healthy meal using a range of ingredients. Talk about the importance of eating healthily. What are your favourite healthy foods?

Pick 5 items from around the house, measure them and order them from shortest to longest. Can you record how their height or length and look at how many tens and ones are in each number to help you to order them.

Create a picture or collage of a flower or tree. Use a range of materials, be as creative as you like.

Practise throwing a ball into a target. Can you set yourself a challenge to beat your score each time?

Make up to 10 number cards, writing some of the numbers to 50. Can you order them from smallest to greatest? How many tens and ones does each number have?

Look at some flowers together. Talk about the different parts of a flower. Can you draw a picture of a flower and label it.
